

Formula NOFO 2022

FAQ

1. Q. Would we be able to run a State and National program through Honors in addition to our established VISTA program?

A. Organizations can have multiple streams of service.

2. Q. Can State and National be a summer service program? I'm familiar with Summer Associates through VISTA, but I'm not sure if State and National needs to be year-long.

A. Yes, state and national programs depending on their program design can have summer programming. Please review the NOFO on page 15 that lists the term services which indicate the minimum of hours and maximum living allowance that can be offered, which will be helpful developing program design.

3. Q. If we do successfully pursue this grant, would all recruitment be through the My AmeriCorps portal like usual?

A. AmeriCorps member recruitment is done by the program and there are steps that must be completed in the portal.
